

**PRESS KIT
COLLECTION**

Physical description:

Open collection

Dates:

1980s-

Provenance:

Given by various donors, 1989- . See accession record for specific additions.

Scope and Content:

Press kits included in this collection are generally those for performing artists prepared/distributed by the performer's record company, managers and/or talent agency. Also includes kits promoting specific tours, labels or agencies and press kits for sound track albums.

Each kit usually includes biographical information on the artist, press releases about a specific discs and/or reviews. Some also include photographs, interviews with and articles about the performer, sample discs, posters and novelty items (e.g. buttons, bumper stickers).

Kits are organized in three series: performer, label/agency/tour and soundtrack and arranged alphabetically within each series.

A list of the kits, which is updated after each addition, follows.

Location:

Kits are filed in separate drawers following the biographical vertical files.

Related materials:

Single items are transferred to biographical vertical file or biographical photograph file as appropriate.
